***Final Rejection***

Applicant's arguments filed 1/9/02 have been fully considered but they are not persuasive.

I. Rejection of claims 1-4,6-9,11-16 under 35 U.S.C. 103(a) over Lin '030 and Shanborn '260 or Shanborn '151 or Piechocki '731 will be maintained for reasons on record and reasons as follows. Applicant argues that the instant claims require at least 1% citrate or citric acid concentration which is at least twice as high as the concentration used for anticoagulation. Applicant further argues that no reference teaches the enhancement caused by increases in the citric acid or citrate concentration. Examiner takes the view that applicant makes a statement to the enhancement caused by increases in citric acid / citrate concentration but does not provide unexpected results. In a claim wherein the limitations (components) are made obvious by the prior art with the exclusion of the instant concentration ranges, applicant must provide a showing of unexpected results for the instant ranges.

II. Rejection of claims 1,2 under 35 U.S.C. 103(a) over Gluck under 35 U.S.C. 103(a) will be maintained for reasons on record. Applicant does not provide an argument with respect to this rejection.

III. Objection to claims 5,10 will be maintained for reasons on record.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO**

Art Unit:

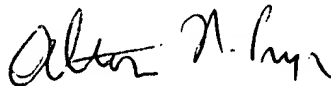

MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
